MOTION: Assemblymember Vehrs moved a primary amendment to the Meadow Lakes Comprehensive Plan, Land Use and Town Center, Minimum Lot Size (page vi.) as follows:

- delete the phrase “to between 1.5 and 2.5 or more acres” and insert the phrase “to greater than the minimum 40,000 square foot Borough standard;”
- delete the word “target” between the words “this” and “are;”
- delete the sentences “For the purpose of clarity, the Planning Team thought it was important to identify specific minimum lot size. It is recommended that 2.5 acres be the minimum lot size for future subdivisions in the rural residential area.”
- to read as follows: Minimum Lot Size – Encourage low density residential development in the majority of Meadow Lakes. Community sentiment greatly favors increasing the minimum lot size required under existing Borough standards. A strong majority of those community residents who have participated in the planning process supported increasing the minimum lot size in new subdivisions to greater than the minimum 40,000 square foot Borough standard. In a few settings – at the planned town center, as part of open space subdivisions, and near the Parks Highway – high density housing is appropriate, including smaller lot single family housing, and in the town center, attached and multi-family housing. In other areas, lots significantly larger than this are more appropriate, for example, in key watershed and wetland areas and along the community's three major watersheds.

VOTE: The primary amendment passed without objection.

MOTION: Assemblymember Vehrs moved a primary amendment to the Meadow Lakes Comprehensive Plan, Land Use Goals, Maintain the Community's Rural Character (page 30), as follows:

- strike the phrase “Minimum Lot Size” and insert the phrase “Housing densities;”
- strike the words “Meadow Lakes” and insert the phrase “the community. The exact policies should be worked out through the Special Use District process to implement this plan, but community sentiment strongly favors a target greater than the 40,000 SF minimum currently required under MSB standards;”

- strike the sentences “Community sentiment greatly favors increasing the minimum lot size required under existing Borough standards. A strong majority of those community residents who have participated in the planning process supported increasing the minimum lot size in new subdivisions to between 1.5 and 2.5 or more acres;”
- strike the sentence “It is recommended that 2.5 acres be the minimum lot size for future subdivisions in the rural residential area;”

Mining is discouraged, but permitted to the degree it can occur without significantly reducing opportunities for these other uses.

MOTION: Assemblymember Vehrs moved a primary amendment to the Meadow Lakes Comprehensive Plan, Overall Objectives (page 53), to insert the sentence “For the purposes of this section, lands held by the Alaska Mental Health Trust Authority are considered private lands” at the end of the second paragraph to read as follows: Private lands within this area may be used for the same general set of uses outlined for rural residential districts; however, any development will require special care to minimize adverse impacts on visual quality, and impacts on water quality and habitat. This can generally be achieved through either small, carefully placed clusters of homes on suitable sites, or limited numbers of large parcel “estate homes.” For the purposes of this section, lands held by the Alaska Mental Health Trust Authority are considered private lands.

VOTE: The primary amendment passed without objection.

MOTION: Assemblymember Vehrs moved a primary amendment to the Meadow Lakes Comprehensive Plan, Land Ownership, Management and Use Patterns, Land Ownership (page 23), to add the sentence “Alaska Mental Health Trust lands are state lands, but for the purposes of this plan, all Trust lands shall be treated as private lands” to the end of the second paragraph to read as follows: The State of Alaska holds most of the northern quarter of the Meadow Lakes Community area, extending south to the edge of private holdings. MOTION: Assemblymember Vehrs moved a primary amendment to the Meadow Lakes Comprehensive Plan, Site Development Standards (for all types of uses), paragraph 9 (pages 33-34), to strike the sentence “Underground utilities are recommended for all future development in the Meadow Lakes Community” and insert a sentence to read as follows: If practical, utilities should be placed

underground. Exceptions include high voltage electric transmission lines, sub-transmission lines, and substations.
