<p>The following corrections, changes, additions, deletions, revisions, and/or clarifications are hereby made a part of the Proposal Documents. In case of conflicts between this Addendum and previously issued Documents, this Addendum shall take precedence. The Proposer must acknowledge receipt of this Addendum in the space provided on the Submittal Page. Failure to do so may subject the Proposer to disqualification.</p> <p>This addendum is issued to answer the following question. Q1: In the Evaluation Criteria, Section 3 Past Performance, the second two paragraphs appear to belong in Section 4 Qualifications? As it is now we would have to repetitively discuss our key staff in both Sections 3 and 4. A1: The outlying statements in these two paragraphs are actually still referring to "previous or past" projects that the consultant/contractor and their project teams were involved in. In the second paragraph it is also just asking for a description in the relation of their past projects to the proposed project in this RFP.</p> <p style="text-align: center;">END OF ADDENDUM #1</p>
