For the small collections (i.e. landfill, Chijuk Creek, Anderson Creek), when they are not being captured with larger areas, are they required to have the accuracy certification performed?</p> <p>A. Yes.</p> <p>Q. Do you have existing ground control and/or monumentation available for use during aerial triangulation? If yes, how would we access that information?</p> <p>A. Yes. Currently the Borough does not have a FTP site available, if an interested firm would like the information please request in writing to Purchasing@matsugov.us with your firm's FTP site information so we can upload the information for you.</p> <p>NOTE: This control was placed for the 2011 LiDAR and Imagery project. It was placed with the intention of being useable for future projects. The monument in Trapper Creek is no longer in placed due to a road project. Status of the other monuments is unknown. Control values should eb verified for accuracy before use.</p> <p style="text-align: center;">END OF ADDENDUM #2</p>
