Description

The Matanuska-Susitna Borough (MSB), Land and Resource Management Division (LRMD) has identified a need to contract for loading, hauling and dumping of earth materials. The following scope of work outlines the needs of the MSB and identifies the locations for loading and dumping.

The objectives are to load, haul and dump **up to 3,000 cubic yards or more** of earth materials from the Central Landfill located at 1201 N. 49th State Street, Palmer, AK 99645 to another Borough owned property located at 13778 N. Palmer-Fishhook Road, Palmer, AK 99645 in the Hatcher Pass area.

The material source at Central Landfill and is sorted pit-run material. The piles of material at the Landfill will need to be loaded into side-dump trucks. The material will then be transported, delivered and dumped by side-dump truck to a gravel parking area with restricted access. Contractor must obtain scale receipts from the MSB Central Landfill scale house for each load, in addition the contractor must maintain & provide a copy of their trucking log for each load. The conversion that will be used to determine quantity of material is 1.4 tons = 1 cubic yard. MSB Central Landfill scale house receipts and contractor trucking log are required to be submitted with invoice.

The Borough is seeking a contractor to perform all services outlined in the objectives statement above. All work must be completed by **June 1, 2019**. On-site pre-bid meeting will be conducted on **May 2, 2019 @ 10:00 am** at the MSB Central Landfill.

Quote will be awarded to the responsive and responsible contractor who provides the **lowest PRICE PER CUBIC YARD** of material moved in accordance with the scope of work above.

PRICE PER CUBIC YARD \$
