**CLARIFICATIONS RESULTING FROM BIDDER'S QUESTIONS:**

- Q: On page 14 of the bid request, period of performance is set at 14 working days upon execution of contract. Fixture lead times are typically 25 working days, I would like clarification if this is meant to be 14 working days once the contract is signed or 14 days after work has started on the project. Would an extension be possible due to lead time for the (1) fixture that needs to be ordered?  
A: 14 days after work started. An extension will not be granted at this time.
