CLARIFICATIONS RESULTING FROM PROPOSER'S QUESTIONS:

- Q: Seeing that this project is unlikely to get designed and constructed for under \$150k, would MSB consider awarding the project and using the \$150,000 for design and securing construction funds later.
A: The \$150,000 funds will be split between design and construction. We anticipate seeking additional funds for construction.
- Q: Are there existing record documents available for the existing portion of wall?
A: No.
- Q: Is there existing geotechnical data available for the proposed new wall site?
A: No.
- Q: Does MSB desire to provide a cover for the new wall portion?
A: Not at this time. A future project will likely install a canopy, so this should be accommodated, as necessary.
