As Advertised: 1/10/2020 @ 4:00 PM
Revised by Addendum Number: **One**
Revised to: 1/21/2020 @ 4:00 PM

The following corrections, changes, additions, deletions, revisions, and/or clarifications are hereby made a part of the Contract Documents. In case of conflicts between this Addendum and previously issued Documents, this Addendum shall take precedence. **The proposer must acknowledge receipt of this Addendum in the space provided on the Submittal Page**, failure to do so may subject the proposer to **disqualification**.

CLARIFICATIONS RESULTING FROM PROPOSER'S QUESTIONS:

1. Q: Consideration of designing a fire water storage tank instead of using existing water storage from new building. It may be less expensive to design a new tank within the old building rather than run a line from the other end of the new building.
A: We are open to proposals.
2. Q: Could you seek permission to contact the Mechanical Engineer who designed the fire water storage tank in the newer building to ask design questions?
A: Yes.
3. Q: Wall hydrant Vs. free standing fire hydrant?
A: MSB is open to proposals
4. Q: It was mentioned to Infill existing French floor drains with concrete. Another suggested option was to replace drain grate with solid steel plate. Does MSB Have a preference?
A: MSB is open to proposals
5. Q: Exterior siding as discussed on site, would you like to replace on the front elevation?
A: No.
6. Q: Remove existing domestic hot and cold water hose fittings throughout the facility?
A: No.

7. Q: Is the lighting replacement supposed to be a one for one replacement or is a new lighting layout acceptable?

A: New layout is acceptable if required.
