DISCUSSION:

Due to the small lots, high water table and failure of the community sewer system, Windsong property owners have had extreme difficulty installing efficient and working sewer systems with required separation distances between septic and wells. Most owners require more than one lot to meet health and safety requirements for acceptable onsite water and septic system. The borough obtained several lots within Windsong through the tax foreclosure process and dedicated lots and easements for public purpose to allow adjacent landowners area for installation of septic systems or wells.

MSB Ordinance 17-143 authorizes the sale of Borough-owned easement lots and publicly dedicated lots to adjacent property owners for the purpose of protecting public health, safety and welfare by providing mechanism for existing property owners to install ADEC approved individual onsite sewer systems, and returning tax foreclosed properties to the tax rolls, and allowing adjacent owners all rights and interests of easement lots and publicly dedicated lots.
**Location:** The subject parcels are located within the Anchorage Recording District, in the South Knik Community Council area. This case is being heard under MSB 43.15.025, *Abbreviated Plats*, and MSB 43.15.054(G), exemptions for elimination of common lot lines. MSB 43.15.054(G) allows the surveyor to use record information from the prior plats and does not require survey and monumentation.

**COMMENTS:**

Code Compliance stated there is an open case on this property, which will be resolved with this platting action. The combining of the lots and transfer of borough property to the owner of Lot 18 will resolve the encroachment violation.

George Kendall & Carolyn Bloom have no objection and totally support his action *(Exhibit B)*.

**CONCLUSION**

The plat of Lot 1, Larson is consistent with AS 29.40.070 Platting Regulations, MSB 43.15.025, *Abbreviated Plats*, and MSB 43.15.054(G), exemptions for elimination of common lot lines. Plats to remove lot lines are exempt from provisions of the code which require soils report submittals, legal and physical access, as-built survey, and topographic information. There are no objections from any borough department, outside agency, or the public to the combination of lots.

**FINDINGS of FACT:**

1. The abbreviated plat of Lot 1, Larson is consistent with AS 29.40.070, Platting Regulations and is pursuant to MSB 43.15.025, *Abbreviated Plats*, and MSB 43.15.054(G), exemptions for elimination of common lot lines.

2. This plat combines three lots within Windsong Subdivision, lessening the lot density in the area.

3. There were no objections from any borough department, outside agency or the general public.

4. The combining of the lots and transfer of borough property to the owner of Lot 18 will resolve the open Code Compliance case.

5. An elimination of common lot line plat is exempt from provisions of the code that requires soils report submittals, legal and physical access requirements, as-built survey or topographic information.

6. MSB 43.15.054(G) allows the surveyor to use record information from the recorded plat of Windsong, Plat #76-110, and does not require additional monumentation.
7. Lots platted within Windsong subdivision were originally designed to be served by a community sewer system which never functioned. The lots are substandard in size and most owners require more than one lot to meet health and safety requirements for acceptable onsite water and septic system.

8. The borough obtained several lots within Windsong through the tax foreclosure process and dedicated lots and easements for public purpose to allow adjacent landowners area for installation of septic systems or wells.

9. Ordinance 2017-OR-143 authorizes the sale of one or more Borough-owned easement lots and publicly dedicated lots to adjacent property owners for the purpose of protecting public health, safety and welfare by providing mechanism for existing property owners to install ADEC approved individual onsite sewer systems, and returning tax foreclosed properties to the tax rolls, and allowing adjacent owners all rights and interests of easement lots and publicly dedicated lots.

RECOMMENDATIONS for CONDITIONS OF APPROVAL:

Staff recommends approval of the abbreviated plat of Lot 1, Larson contingent on the following recommendations:

1. Pay postage and advertising fee.

2. Provide updated Certificate to Plat executed within 7 days prior to recording and provide beneficiary affidavits from holders of beneficial interest, if any.

3. Obtain driveway permit for any existing driveway onto a borough public road.

4. Provide signatory authority documentation to show who can sign for WSS, LLC.

5. Taxes and special assessments must be paid in full through the year of recording, per MSB 43.15.053(F) and AS 40.15.020. Pay taxes and special assessments (LIDs) by certified funds or cash.

6. Submit recording fee payable to DNR.

7. Submit final plat in full compliance with Title 43.
Lot 17 & 18 has an open case # 10359 (Govern # G20140116), MSB 17.29 violation. Kevin Sumner CCO. Kevin is out of the office until January 20th, so I have attached a copy of his notes on this case. Keep in mind you may want to look at the actual file for anything more current.
